

GRAND LAKEFRONT HOME

SKANEATELES, NEW YORK

“ Hope’s® bronze windows and doors were perfectly suited to this project. They provide an ageless, elegant beauty and the kind of durability and custom shaping one expects for a stately, finely appointed home like this one. ”

GRAND LAKEFRONT HOME IN UPSTATE NEW YORK FEATURES HOPE’S® EMPIRE BRONZE™ WINDOWS AND DOORS

JAMESTOWN, NY – Hope’s® Empire Bronze™ windows and doors grace a recently transformed 14,000-square-foot waterfront mansion on Lake Skaneateles in upstate New York.

Originally built in the early 1900’s, the home was redesigned and reconfigured into a picturesque residence in accord with the late 19th-century Victorian architecture of its neighbors while accommodating modern craftsmanship and timeless, quality materials.

“The Hope’s bronze windows and doors were perfectly suited to this project,” says John I. Meyer Jr., AIA, LEED AP, Principal Architect and co-founder of Meyer & Meyer, Inc. of Boston. “They provide an ageless, elegant beauty and the kind of durability and custom shaping one expects for a stately, finely appointed home like this one.”

The Hope’s Empire Bronze Series windows and doors are made from solid bronze that undergoes meticulous manufacturing techniques for which all Hope’s products are renowned. This project included the Hope’s installation of 26 fixed windows—including five curved on plan—plus six operable windows and 11 pairs of swing doors.

The bronze was finished to a “Gun Metal” bronze finish by Hope’s. The five fixed curved on plan windows are located near the first-floor entry and provide sweeping views of the lake. They were curved to a modest inside radius of 201-3/8” and were glazed with curved on plan glass to fit frames measuring 22” wide, 61” tall.

Architect:

Meyer & Meyer, Inc., Boston, MA

Windows:

Empire Bronze™ Jamestown175™ Series

Doors:

Empire Bronze™ Jamestown175™ Series

“Hope’s windows and doors have been used on numerous late-Victorian style homes,” says Ryan A. Russell, Technical Sales and Marketing Engineer for Hope’s, “but every project has its own unique design vision and the work of the architect for this project is an exceptionally beautiful example of that.”

Hope’s® Windows, Inc., based in Jamestown, NY, is the nation’s leading and most experienced manufacturer of custom designed, solid hot-rolled steel and solid bronze window and door systems, specializing in historic preservation, cultural, institutional, commercial and luxury residential applications. Hope’s windows and doors help architects achieve even the most technically challenging design visions with unlimited shapes and sizes. Hope’s advanced finishing system ensures that all Hope’s steel windows and doors last longer than any other available, even under the most extreme environmental conditions.
